This month personnel continued the multi-session airport training by completing a night time visit in preparation for June and July's night time drills. It was decided that this visit prior to the drills would help insure a safer drill. All EMT's continued with the EMT modules posted on Manatee Fire Online. A facility tour was conducted at Global Calibration Gases, with all crews cycled through the business. Lastly, crews were cycled through for their annual SCBA mask fit testing. This is a required annual equipment test using irritant smoke with documentation completed and filed.

June's Topics: Officer's Training
Group Fitness
Driver's Training
Manatee Fire Online Usage Webcast
