

# VOLUNTEER REPORT

January 2014

## Volunteer Shifts

Name	Day Shifts	Night Shifts	24 hr Shifts	Training Hours
Dowell (injured)				
Harvill		1		6
Markey		2		3

## Volunteer Information

We hosted a Volunteer Intake meeting on January 21<sup>st</sup> and had a record twenty-five interested and eager Firefighter II/EMT applicants in attendance. This meeting covers general information and a brief history of our Department, what the requirements are as a Volunteer with Southern Manatee, and the next steps in the process. The physical agility test is scheduled for February 8<sup>th</sup> and will be conducted at Cedar Hammock's training facility. The interviews are scheduled for March 5<sup>th</sup> at our Administration building. We expect to add ten new Volunteers off of that list to our roster which will aid in additional staffing for our apparatus. Those chosen will begin an Internship program which includes becoming a certified rider of all apparatus, skill evaluations, map quizzes, policy review, and a practical exam. Once they have met these requirements, they will join the Volunteer ranks.
