Average per Person:	6.15
Apparatus Certifications:	00
Rider Certifications:	29
Courses Completed:	F/F Foss- IS-241.b Decision Making Problem Solve F/F Foss- Chlorine Emergencies F/F Foss- IS-707 NIMS Intrastate Mutual Aid

This month the Training Division would like to thank the Field Training Officers, and the shift CPR instructors, for teaching all Operations personnel in American Heart Association CPR recertification. Lt. Thayer is the lead facilitator for SMFR and over looked the process through the Manatee Technical Institute. Also this month, the Division would like to thank FF. Bloski and B/C Gould for teaching the crews a two hour Clandestine Labs & One Pot method class. Clandestine labs are extremely dangerous, and the one pot method is currently favored by people manufacturing methamphetamine.

This month the crews reviewed the policy on hurricane procedures and adverse weather operations, then a pre hurricane check was done on the stations in preparation for this year's session. Also, this month the Division would like to thank Capt. Herlihy of Cedar Hammock Fire & Rescue, for teaching the crews an awareness class on the Light Technical Rescue Team's availability and its capabilities. Next, the crews completed a 2 part online course on responding to natural gas emergencies. Lastly, the crews reviewed a PowerPoint program on driving safely. This is a VFIS program, modified by Lt. Perry to be more applicable to Southern Manatee Fire & Rescue.
