Betts- Fire Programs User Group Training</b>

This month crews started reviewing the 100 section of the new draft policy directives. This allows each individual to learn the new directives, as well as, a chance to offer input in the form of recommendations. Also, this month crews continue working on their EMT renewal, and a review of IFSTA in preparation for October's Fire Prevention Month. Lastly, this month starts the six Advanced Radiological Response classes taught by the State of

**Florida. Instructors for the state will come down and teach twice for each shift, to ensure that all personnel are trained. This class includes a classroom portion, and hands on drills outside using detection equipment. It is provided at no cost to SMFR. The second half of these will be taught three times in November.**
