Re: Significant variations and special calculations for the 2014 premium taxes

---

The gross amount of the 2014 taxes for the Firefighters' Pension Trust Funds is \$96,953.984.06, representing an overall **decrease** of 5.43%, and for the Police Officers' Retirement Trust Funds is \$72,750,408.10, representing an overall **increase** of 3.10%, as compared to the amounts reported for 2013.

Significant variations in the premium tax distribution sometimes occur when insurance companies file amended or late returns for prior years. This may have the effect of inflating amounts received in one year and diminishing amounts received in later years as the "correction" is made in a subsequent distribution.

If your city or district experienced a significant variation in reported premiums you may wish to request a detailed listing showing each insurance company reporting premiums sold within your corporate or fire district limits as compared to the amount reported last year. Please contact our office to request a copy.

Pursuant to sections 175.1015(4) and 185.085(4), Florida Statutes, the Department of Revenue assessed a fee of \$50,000 per fund, for a total of \$100,000 to pay their expenses in administering the Insurance Premium Tax (IPT) database. This amount was deducted on a pro-rata basis from each city/district.

Pursuant to section 215.20, Florida Statutes, an 8.0% service charge was also assessed, and is payable to the General Revenue Fund.

You may view a copy of the detailed calculations on our website at [www.myflorida.com/frs/mpf](http://www.myflorida.com/frs/mpf) showing the gross amount reported and the various assessments. Look under "Facts and Figures," scroll down to Premium Tax History, and click on the 2014 Premium Tax Distributions for Fire and Police.

If you have any questions or if this office can be of assistance, please let me know.
